

eBooks on iPad/iPhone

Using Overdrive eBooks on your iPad or iPhone at Russell Library

1. On your iPad or iPhone Download the Overdrive App from the App Store.
Select "Get Books."
2. Select "Add a Library."
3. Search 06457 and choose the Russell Library.
4. Go to "Browse."
5. Choose "Browse all Adobe EPUB eBook Titles. On the next screen, check the box "Limit to available titles" and press "Submit."
6. This will bring up a list of all of the eBooks that are not currently checked out.
7. Find a book. Be sure to select the "Adobe EPUB eBook" format and press "Add to Cart." On the next screen, choose "Proceed to Checkout." Type in your library card number and on the following page select "Confirm Checkout."
8. On the next page, select "Download." The first time you do this you will be prompted to download Adobe Digital Editions. Download this program and create an Adobe ID. After you do this the first time, you will not need to do it again.
9. Your title will then download to your iPad/iPhone.
10. After 14 days the title will expire. If you would like to return the book earlier, on the Overdrive App content page, find the book and swipe your finger over the arrow on the right hand side. Choose "Return then Delete."
